4060 CORE Omnidirectional Lavalier

- ✓ Industry-leading, CORE by DPA capsule
- ✓ Fits most professional wireless systems
- ✓ IP58 Rated - Water and Sweat Resistant

Now IP58 rated and boasting a huge range of accessories, the 4060 has had its already market-leading audio quality improved with the introduction of CORE by DPA Amplifier technology.

6066 CORE Subminiature Headset

- ✓ One-size-fits-all 3-point gripping system
- ✓ Industry leading 3 mm CORE capsule
- ✓ New 90° cable management

The unique 3-point earpieces allow for maximum stability and comfort and the new cable management system significantly reduces the risk of breakages. The Subminiature 6066 is the best performing headset on the market.

4017B Shotgun Pencil Microphone

- ✓ Highly directional polar pattern
- ✓ Excellent RF Immunity
- ✓ Modular preamp system

One of the lightest shotguns available, the 4017 has the added benefit of the modular preamp system coupled with the signature DPA sound and unmatched off-axis consistency.

d:facto™ 4018V/VL Handheld Microphone

- ✓ Incredibly high max SPL
- ✓ Effective shock dissipation
- ✓ Reduced pop & wind noise

The d:facto™ marries fantastic SPL handling and a linear off-axis response to an exceptionally resistant pop shield for maximum intelligibility.
