4060 CORE Omnidirectional Lavalier

- ✓ Industry-leading, CORE by DPA capsule
- ✓ Fits most professional wireless systems
- ✓ IP58 Rated - Water and sweat resistant

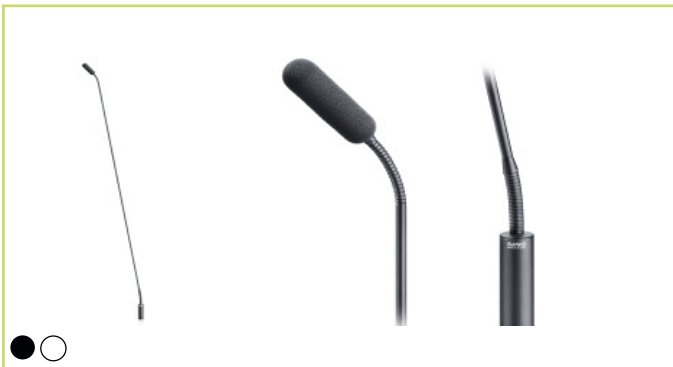

Now IP58 rated and boasting a huge range of accessories, the 4060 has had its already market-leading audio quality improved with the introduction of CORE by DPA Amplifier technology.

6066 CORE Subminiature Headset

- ✓ One-size-fits-all 3-point gripping system
- ✓ Industry leading 3 mm CORE capsule
- ✓ New 90° cable management

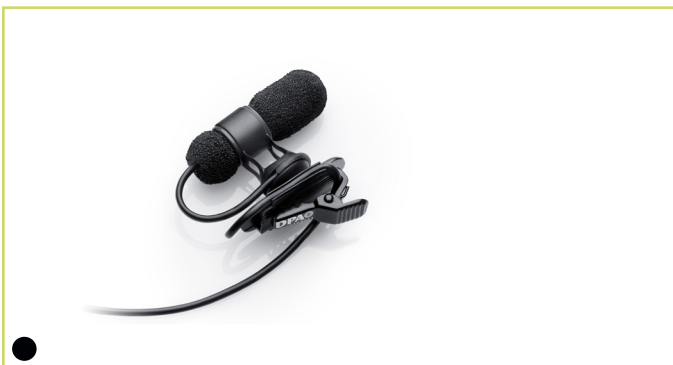

The unique 3-point earpieces allow for maximum stability and comfort and the new cable management system significantly reduces the risk of breakages. The Subminiature 6066 is the best performing headset on the market

4098 Miniature Supercardioid Gooseneck

- ✓ Supercardioid, highly directional and isolated sound
- ✓ Discreet, low profile design
- ✓ Frequency response tailored for voice

Unmatched audio quality and specifically built for speech intelligibility. Comes in a range of sizes with a sleek professional design.

4080 CORE Miniature Cardioid Lavalier

- ✓ Cardioid pattern for tricky environments
- ✓ Shock mount design combating handling noise
- ✓ Frequency response tailored to the chest position

Ideal for noisy environments with an innovative shock mount to reduce handling noise and a frequency response designed for maximum speech-intelligibility.
